ACKNOWLEDGMENT

We, the members of the Management of Shikshan Prasarak Mandal Raibag, the Principal, the staff and the students of Arts and Commerce College, Raibag, Co-ordinator, and Members of the Steering Committee for NAAC assessment and accreditation of this College.

We, express our deep sense of gratitude to Prof. D. P. Singh, Director, NAAC, Bengaluru for having furnished us timely guidance and prompt information helping us to undergo NAAC assessment and re-accreditation. We also acknowledge our gratefulness to the officers of NAAC Bengaluru who offered the best of their co-operation by providing necessary profiles and manuals.

We also express our deep sense of gratitude to Shri. B. R. Patil, Joint Director Collegiate Education, Regional office Dharwad and to the staff at his office for their guidance and advice in preparing us to NAAC process and for re-accreditation.

The college expresses our deep sense of gratitude to Hon'ble Barrister Shri. Amarsinh V. Patil Chairman Shikshan Prasarak Mandal, Raibag, Ex-Member of Parliament, Belagavi, and other members of the Board of Management for their inspiration, guidance and active co-operation in preparing this Self-Study Report for re-accreditation of our college .

We are deeply indebted to the Members of the peer team visited to our college, during the Second Cycle of accreditation headed by Prof. N. V. Narasimham, Former Director, School of Management Studies Indira Gandhi National Open University New Delhi, Dr. V. M. Ingavale, Principal, Shailendra Education Society's Arts Commerce & Science College Mumbai & Dr. Jagannath Patil, Deputy Adviser, National Assessment and Accreditation Council Bengaluru for having given valuable recommendations in their report for improvement and enhancement in quality of education in our institution.

We are deeply indebted to the Principals of other colleges who have organized seminars and conferences in which our college representatives have participated and gained knowledge about the re-accreditation which helps us to prepare this Self Study Report.

Finally we owe our sense of gratitude to all persons and Institutions whose active co-operation and positive help has made the task of preparing this Self Study Report easy and possible.

ABOUT OURSELVES

Shikshan Prasarak Mandal, Raibag was established in the year 1963 by Hon'ble Late Shri. Vasantarao Patil, Ex-M. P. and Ex-Revenue Minister, the Government of Karnataka, the Recipient of the Prestigious Indira Gandhi Sadbhavana Award for 2008. It was registered at the office of Assistant Charity Commissioner, Belagavi Region, Belagavi. At present it runs 04 Primary Schools, 10 High Schools, 10 Pre-University Colleges and 03 degree Colleges, one college of Physical Education(B.P.Ed), one College of Education(B.Ed), Two Certificate Course in Yoga Studies and one Post Graduate Department of Commerce, all degree colleges are affiliated to Rani Channamma University Belagavi. One Visual Arts College affiliated to Hampi University, 01 Law college affiliated to Karnataka State Law University Hubballi, 01 Teachers Training Institute (D.Ed) and 02 Free Boardings. In all the Shikshan Prasarak Mandal, Raibag runs 38 Institutions in Karnataka.

It will not be impertinent, we feel, if few words are expressed concerning the service and sacrifice of these master minds who did the pioneering work in the spread of education in this rural and backward area, which was once a part of Princely State of Kolhapur and the erstwhile United Bombay State during the British Rule and even after Independence till the Reorganization of Linguistic States in 1956. Hon'ble Barrister Balasaheb Kharadekar was, then, the Principal of renowned state-run Rajaram College Kolhapur, and he started Shikshan Prasarak Mandal, Kolhapur in the year 1945 by resigning the post of Principal for upholding the cause of distressed primary school teacher in the Princely State of Kolhapur. He was assisted by much honored Shri. M. R. Desai who later became the Principal of G.K. College Kolhapur started by S. P. Mandal Kolhapur. It is interesting to know that the fore-sighted Hon'ble Barrister Balasaheb Kharadekar who later became the Member of Parliament, included his own young bright student Mr. V. L. Patil from Byakud village in Raibag Mahal, the part of Princely State of Kolhapur as one of the Founder Members of newly established Shikshan Prasarak Mandal Kolhapur. It was the privilege of Hon'ble V.L. Patil to be a Trustee of an Education Society when he was still a student of a College. This alone speaks of his interest in the spread of education and upliftment of under privilege sections of the society. Similarly Hon'ble Raja of Jamakhandi and Hon'ble Shri. Baba Nadagonde were also inducted in to the Board of Management when they were still students of Rajaram College studying in the same college with Shri. V. L. Patil. Shri. S. G. Dhabolakar, a renowned Advocate and dear friend of Hon'ble Barrister Balasaheb Kharadekar was also inducted into the Board of Management. Hon'ble Barrister Balasaheb Kharadekar with the assistance of his friends and students took up the cause of education and started opening several institutions of learning.

As part of the educational activities of Shikshan Prasarak Mandal Kolhapur, Shri. V. L. Patil started a High School named Raibag Vidyalaya Raibag in the year 1949 to cater the needs of Secondary Education in Raibag Taluka after Independence. It was difficult to start a

High School then; it was still more difficult to get students for the High School. It was due to prevailing poverty and lack of awareness about the benefits of education among the masses. Then it became a mission to educate the parents first to send their children to the school assuring them that their children would be better fed and looked after in the newly started Raibag Free Boarding, Raibag. Much of the burden of Raibag Free Boarding was borne by Hon'ble Shri. V. L. Patil who by this time had become the Member of Legislative Assembly of erstwhile Bombay State.

With the reorganization of the States on Linguistic Lines in the year 1956, a number of institutions were opened in Belgaum District and S. P. Mandal Raibag came in to being in the year 1963. And at present it runs 38 educational institutions and it is considered as one of the leading Educational Societies in Belgaum District.

S. P. Mandal's Arts and Commerce College, Raibag, was established in the year 1974, affiliated to Karnataka University Dharwad. It started first with Arts faculty in the year 1974 and the Commerce faculty was added in the year 1979 and now the College enjoys the full-pledged status of Arts and Commerce College. There was a provision of teaching two major subjects and four minor subjects. Kannada and Economics were the major subjects. Sociology, English, Political Science and Kannada were then minor subjects. In the year 1978, English and Political Science were introduced as major subjects. In the year 1982, Hindi and Sociology were introduced as major subjects. Applied Statistics was also introduced in the year 1980, with the introduction of three subjects of equal importance in the year 1990, we have now the provision of teaching eight Optional Subjects along with the basic subjects of English, Kannada and Hindi.

The Commerce stream in this College was started in the year 1979, and it became full-pledged faculty in the year 1981. The syllabi of Commerce course is integrated one. Hence there is little option for change of subjects and the pattern is confined to the norms of Board of Studies in Commerce, framed by Karnataka University Dharwad. Now we have the Commerce programme as per the norms of Karnataka University Dharwad. After the establishment of Rani Channamma University, Belagavi in the year 2010 our college affiliation shifted from Karnataka University Dharwad to Rani Channamma University, Belagavi.

Looking at the demand for PG education for promotion of employability and self employability, one new programme i.e. PG in Commerce (M.Com) is introduced. The Rani Channamma University Belagavi and Government of Karnataka have given permission to start regular M.Com Course in our college from the academic year 2015-16. Certificate course in Spoken English, Certificate course in Tally ERP9.0 and Certificate course in Personality Development have been introduced in our college.

It is our pride that we have had the Chairmen during these four decades who were all the men of foresight and sagacity. They moulded and shaped the institutions into a temple of learning where the light and sweetness prevails. The pursuit of knowledge is way of life and creative work is done for the development of the Country. At present, Barrister Shri. Amarsinh V. Patil Ex-Member of Parliament, Belagavi is the Chairman of the Shikshan Prasarak Mandal, Raibag considering the short span of 4 decades in the history of our institute, we feel proud that we have done our best in contributing knowledgeable, honest and hard working graduates in both Arts and Commerce who shape their character and career suitable to the development of the nation and that enables them to be reliant and to invite and be successful in greater global challenges and enterprises in their lives.

The progress and the Development of our College were made possible by the staff and the students of the College since the inception of the College in the year 1974 till today. It was the privilege of the institution to have efficient administrators and academicians as Principals. At present Dr. D. B. Pandre is working as Principal of this college since 1st June 2015.

It is our great pride that we were graded with 'B' by NAAC Peer team headed by Prof. N. V. Narasimham, Former Director School of Management Studies Indira Gandhi National Open University New Delhi and Dr. V. M. Ingavale, Principal, Shailendra Education Society's Arts Commerce & Science College Mumbai, Dr. Jagannath Patil, Deputy Adviser, National Assessment and Accreditation Council Bengaluru during the second cycle of accreditation of our institution in the year 2011.

We feel sense of pride for having maintained higher academic excellence and better performance in sports after the NAAC Assessment. Our achievement in both academic and sports is enhanced by NAAC Assessment which instilled in us new spirit and zeal to scale higher performance. We have rededicated ourselves to achieve our goals and objectives and realize our vision and mission to offer quality **Value Based Education for Nation Building and Global Competencies**.

Accreditation of our college at B level is temptation to go an extra mile to make still higher mark in quality education for which we devote ourselves. We do not feel complacent about our achievements as there is much yet to be achieved and many more miles to go.

OUR EMBLEM

Our college emblem is the emblem of our trust founded by the noblest principles of Gyana (knowledge), Tapassu (Penance), Seva (Service), Tyag (Sacrifice) that kindles excellence in knowledge and character among students to make them proficient and relevant to their own lives, society and the nation.

OUR VISION :

As the very name of our trust “Shikshan Prasarak Mandal” suggests the spread education and to offer maximum opportunities to rural students to come up and scale higher achievements in academic excellence and sports by affording quality education and coaching facilities.

Our Vision is: “Value Based Education for Nation Building and Global Competencies”

OUR MISSION :

To provide excellent and quality teaching to our students which would help them to shape their own character and career suitable to the development of the nation and that enables them to be self-reliant and to invite and be successful in greater global challenges and enterprise in their own lives. To provide life skills and value based higher education with sound moral values.

OUR OBJECTIVES:

- To provide to our students knowledge and skills in their respective programmes through creativity and innovation in teaching, learning, evaluation that would help and prepare them to face the ever changing global challenges and enterprises in their own lives.
- To produce graduates of excellence, competence and characters both in UG (B.A. & B.Com) and PG (M.Com) faculties who would venture into right vocations, professions, enterprise and make their own mark in the nation building activities.
- To enable our students to take higher education such as, M.A., M.Com., MBA, CA, LL.B., ICWA, B.Ed., B.P.Ed and various other PG Courses.
- To develop all-round personality of the students.
- To impart quality education to rural youths.

ICT PROGRAMMES

- The students of B.Com 2nd Semester to 6th Semester and B.A. 4th Semester students have to study a compulsory paper on Computer Application in Business as a part of curriculum.
- Faculty members use ICT based teaching aids like smart board, PowerPoint, internet and Wi-Fi facilities.

With these programmes the students can equip with ICT knowledge and compete in global employment market.

1.3.4 What are the various value-added courses / enrichment programmes offered to ensure holistic development of students?

- ☆ **moral and ethical values**
- ☆ **employable and life skills**
- ☆ **better career options**
- ☆ **community orientation**

☆ MORAL AND ETHICAL VALUES

- The vision of the institution is to ensure the holistic development of the students so as to enable them to become competent to face national and global challenges developing through employable and life skills, which reflects through moral and ethical values. In this regard the institution organize certain functions through which moral and ethical values are inculcated among the students.
- Cultural association and NSS Units of our college organize National Youth Day i.e. celebration of Shri. Swami Vivekanand Jayanti every year.
- We organize prayer and brief lecture on moral education at assembly hall in our college before commencement of classes daily.

☆ **BETTER CAREER OPTIONS**

Certain programmes are conducted for final year students to guide and to give information about career guidance and employment opportunities. There is a placement cell in our institution for continuous guidance for employment opportunities. Placement cell helps the students in applying for various job opportunities. It displays on the notice board about the job advertisement. The institution conducts training programme on competitive examinations like IAS, KAS, Banking, Defence, etc., thereby the institution tries to develop the life skills among the students.

☆ **COMMUNITY ORIENTATION**

Several community oriented programmes like blood donation camps, anti-drug rally, health checkup camps, HIV / AIDS awareness, awareness on voting, pulse polio immunization programme abolition of child labour etc. are conducted through NCC, NSS, Scout and Guides and Youth Red Cross Cell of our institution.

Through these programmes the institution develops the moral, ethical, social and human values among the learners, as the vision statement of the institution states "Education for Moral Values".

1.3.5 Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?

Our institute annually interacts with various stakeholders such as students, alumni, parents, management, industrialist and faculty members and gets feedback from stakeholders as and when the curriculum is changed by the university. Usually the affiliating university changes the syllabi of each subject for every three years. Whenever the syllabus is changed, the concerned faculties go through the syllabus of each subject and discuss with the peer members with the alumni and students. On the basis of the analysis of the feedback the faculty members bring to the notice of the concerned Board Of Studies of the university, the aspects which would be deleted and the desirable aspects which would be included in the curriculum of the concerned subjects.

The following table shows details about staff participation in workshops & meeting on curriculum designing.

1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?

The institution monitors and evaluate quality of its enrichment programmes through:

- The performance of the students in their final examination.
- The progression of the students to higher education i.e. UG to PG
- Inculcation of core values of NAAC by students.
- Number of placement of the students of the institution in employment market.
- The development (inculcation) of moral, social, ethical and human values among the students reflected through the involvement of students of the institution in community oriented programme and social work.

1.4 Feedback System

1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?

The contribution of the institution in design and development of the curriculum prepared by the university is as follows:

The university changes the curriculum and designs a new curriculum for every three years. Some of the faculty members of our institution have participated in the workshops / meetings organized by the affiliating university and teachers association in the redesigning of the new curriculum.

- Dr. Y. B. Himmadi edited text books on “Sahitya Savi – 1 & 2” which are prescribed to B.A. 1st and 2nd semester by the Rani Channamma University as basic subject.
- Prof. M. Y. Budyale edited text books on “Sahitya Savi – 5 & 6” which are prescribed to B.A. 5th and 6th Semester of RCUB as basic subject.
- Dr. Y.B. Himmadi Member of the Screening committee constituted by RCU Belagavi for scrutinizing Kannada text books of various UG classes edited by different Board of Editors

The following table shows the books scrutinized by Dr. Y. B. Himmadi as a member of screening committee of text books for RCU Belagavi

Sl. No	Title of the Book	Class
01	Sahitya Manana-1	B.Sc./ B.Sc (CS)/ BCA/ B.Sc (CCJ)

- Prof. Chetan Daga, has written two textbooks for B.Com classes.
 - Indirect Taxes for B.Com-6th Sem.
 - Secretarial Practice for B.Com-1st Sem.

1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?

There is no formal mechanism to obtain feedback from students and stakeholders on curriculum. The feedback from the students is taken in the prescribed format given by the NAAC department not only on curriculum but also the format contains various other aspects of higher education. There is no prescribed format to obtain feedback from other stakeholders. However, the feedback from the peers and alumni can be obtained during the academic meetings where in the discussion on curriculum design would be held and suggest the suitable changes to be made in the existing curriculum. To design a new curriculum suggestions to be made for the need for the introduction of new courses and programmes to the concerned authorities.

1.4.3 How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?)

One new programme i.e. PG in Commerce (M.Com) is introduced from the academic year 2015-16. The rationale lies behind introduction of PG is to facilitate the students to pursue higher education i.e. progression of students from UG to PG. as there was no such facility to the students in this area. Looking at the demand for PG education and the employability and the self employment of students the institution has introduced this PG course.

The Rani Channamma University Belagavi and Government of Karnataka have given permission to start regular M.Com Course in our college from the academic year 2015-16.

Certificate course in Spoken English, Certificate course in Tally ERP9.0 and Certificate course in Personality Development have been introduced in our college from the academic year 2015-16.

CRITERION II: TEACHING - LEARNING AND EVALUATION

2.1 Student Enrollment and Profile

2.1.1 How does the college ensure publicity and transparency in the admission process?

The college ensure wide publicity and transparency in the admission process through :

- Prospectus: This prospectus contains detailed information about the admission process, fees structure, library and staff information, evaluation methods rules and regulation of the college.
- Institutional Website (<http://www.spmaccraibag.org>).
- Local TV Channel (Raibag Doordarshan (RD) Channel).
- Displaying posters, banners, in key and important places.
- Displaying on college notice board.
- Discussion in Alumni association, Parent-Teachers meeting.
- Distribution of handbills.
- Personal counseling by faculty.
- Communication to the principals of Degree college for PG Admission (M.Com)
- Giving advertisement in local daily newspaper etc.

Admission process : UG courses i.e. B.A. & B.Com

The institution ensure transparency in the admission process by adopting the following procedure.

- Selection of students by admission committee.
- Since intake of the students for both programme is more i.e. for B.A. intake of students is 300 and for B.Com intake of students is 120. So all the eligible candidates applied for admission so far are given admission to their desired courses.

PG Course : The admission to the PG course i.e. M.Com as per the university norms.

50 % of students intake is reserved as university quota the university follows merit, reservation, roaster rules of state government for selection of students for admission to PG course.

Remaining 50% of students intake is management quota. Admissions are made purely on merit. Hence the admission process is open and transparent in this institution.

2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.

The detailed criteria adopted in the admission process in this institution is:

- Issuing of application form with prospectus of the institution to the students who approach the institution for seeking admission to various course.
- Scrutiny of the application received by the institution for admission of students.
- Displaying list of the eligible candidates applied to the various courses on notice board.
- Giving admission within a stipulated time as per University norms.

The criteria adopted for admission of students is that on merit. The students are selected for admission to the courses B.A., B.Com and M.Com programmes is on the merit in qualifying examination to the course. The cutoff percentage for admission to B.A. & B.Com at the entry level is 35% of marks in Pre-University board examination. For admission to PG i.e. M.Com course. 50% of marks in B.Com examination for OBC students & 45% of marks for SC/ST students.

There is no common entrance test for admission conducted by any agency.

After seeking admission to various courses **Induction Test** will be conducted and general discussion & interaction with the students in the classroom by subject teachers will be held. Those students identified as weak students in induction test and in interaction in any course or subject they may be advised to change the course or subject during the 1st semester of the course as there is academic flexibility provided by the university in the beginning of the 1st semester of UG courses.

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.

The minimum and maximum percentage of marks for admission at entry level for each of the programme offered by this institution is as per the university norms. The minimum percentage is 35% and maximum percentage is 100 % marks in the qualifying examination i.e. pre university board examination for both the programmes B.A. and B.Com. For M.Com programme minimum percentage of marks is 50% in the qualifying examination i.e. B.Com for OBC students and 45% of marks qualifying examination for SC/ST students. The maximum percentage of marks is 100 in B.Com examination. The same criterion is followed by other colleges of the affiliating university within the city and district.

2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the process?

Yes, there is a mechanism in the institution to review the admission process and students profile annually. There is an admission committee which looks after the admission process and students profile. The main task of the committee is selection of students for admission to various courses. The detailed record of the students is sent to the university by e-mail. The outcome of this mechanism is that the admission of the students to the various courses is to ensure wide publicity and transparency in the admission process which will provide social justice to the students and society at large.

2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion

- ☆ SC/ST
- ☆ Economically weaker sections
- ☆ OBC
- ☆ Minority community
- ☆ Women
- ☆ Any other
- ☆ Differently abled

The admission policy of the institution is simple and transparent special provisions and reservation of certain percentage of seats to the students of SC/ST/OBC/Women, differently abled, economically weaker sections and other minority community as per the norms of the national policy. Our institution provides admissions to all the students who applied for admission as intake of students is more. Hence the question of injustice does not arise.

There are certain provisions in this institution for inclusion of SC/ST/OBC/ Women, differently abled, economically weaker sections and other minority community students. They are helpful to increase and improve the access of education in this institution. They are:

- Adoption of students by faculty members
- Felicitating of highest scorer among SC/ST students.
- Provision of cash incentives in the form of Scholarship.
- Fee concession provided by the government and the institution to the concern students from disadvantaged community.
- Several facilities are provided to women students as per their requirements.
- Fee concession & remedial coaching classes to differently abled students i.e. weak students in subjects.
- Fee concession to economically weak students.

- Provision of Books to poor students through poor students lending library scheme (PSL)
- For blind students we provide cassette of lectures in the subject offered by such students for their listening. However the percentage of such students is negligible.
- For economically weaker section students we have adopted a scheme of 'Earn while you learn' under which 4-5 students every year get monetary benefits monthly to small extent.

2.1.6 Provide the following details for various programmes offered by the institution during the last four years and comment on the trends. i.e. reasons for increase / decrease and actions initiated for improvement.

The details for various programmes offered by the institution during the last four years is as follows:

Programmes	Year	Number of applications	Number of students admitted	Demand Ratio
UG Courses				
B.A	2012-13	266	266	1 : 1
	2013-14	149	149	1 : 1
	2014-15	168	168	1 : 1
	2015-16	153	153	1 : 1
B.Com	2012-13	108	108	1 : 1
	2013-14	76	76	1 : 1
	2014-15	94	94	1 : 1
	2015-16	102	102	1 : 1
PG Courses				
M.Com	2015-16	10 + 10	10 + 10	1 : 1
Certificate Course				
Certificate Course Spoken English	2015-16	30		1 : 1

Reasons for marginal decrease in the strength are low passing percentage in PUC. i.e. qualifying examination. Establishment of new institutions providing similar courses in the city itself. Attraction for the technical education leads to decrease in the students admission to the courses.

2.2 Catering to Student Diversity

2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

The institution caters to the needs of differently abled students and ensure adherence to the government policies through:

- Reservation of seats to such students in admission to their desired courses.
- The provision of special scholarships to the physical handicapped students as per the government norms.
- For blind students, we provide certain cassettes of subjects however the percentage of such students is negligible.
- Even in the infrastructure we provide ramps in building for their easy movements.
- We identify the students on their mental ability as slow learners and the advance learners we provide special care to such groups of students.
- By providing incentives in the form of cash prizes, fee concession, books and other reading materials.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

Yes, the students knowledge and skills are assessed before the commencement of the programme through :

- Orientation programme.
- By conducting Induction Test in each subject at the entry level.
- By analyzing the past performance of the students in previous qualifying examinations.
- Through the interaction in the class room by the faculty members.
- For PG i.e. M.Com students we conduct Induction Test to assess the knowledge and skills of the students.

2.2.3 What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge/Remedial/ Add-on/Enrichment Courses, etc.) to enable them to cope with the programme of their choice?

The following strategies are adopted by the institution to bridge the knowledge gap of the enrolled students to enable them to cope with the programme of their choice.

- Orientation programme.

- Remedial coaching classes for the weak students in the subject.
- Counseling the student, nominating one professor to each batch of students.
- Special care is taken to bridge the knowledge gap through special class bridge course programme and by providing required materials to such students.
- Personality development programmes are conducted by inviting resource persons, experts to enrich life skills, communication skills and interview techniques.
- Those students who are enrolled for B.Com programme after the qualifying examination of non commerce students (coming from Arts and Science streams) special accountancy and special commerce classes will be conducted as per the university norms.

Enrichment courses

Certain enrichment courses such as 'certificate course in Spoken English', 'Personality Development' and 'Tally ERP9.0' courses are conducted by the department of English, Political Science and Commerce respectively.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?

The college sensitizes its staff and students on the issues such as gender, inclusion, environment etc. in the following manner:

- Special lectures by inviting eminent women resource person to speak on women related issues.
- Nominating ladies representative on the students' council.
- The syllabus also contains issues related to gender equality to sensitize the students.

We have conducted various environmental awareness programmes and activities under NCC, NSS, Scouts & Guides and Red Cross Unit.

'Swacchha Bharat Abhiyana' programme is organized on the day of 'Gandhi Jayanti' i.e. 02nd October. Observation of 'Vanamahotsav Day' in every year so the students can understand the importance of the ecology and environment.

For **inclusion** of SC/ST/Minority and other weaker section students, special care is taken by the institution by providing scholarships, organizing SC/ST meetings under SC/ST and Minority Cell.

2.2.5 How does the institution identify and respond to special educational/learning needs of advanced learners?

The institution identifies the advanced learners through the following procedure:

- Orientation programme
- By conducting Induction Test at the entry level
- By analyzing the past performance of the student in previous qualifying examination.
- Interaction in class room by the faculty.

The strategies adopted by the institution for special educational and learning needs of advance learners are:

- ❖ We conduct advanced classes in public speaking and soft skills.
- ❖ By providing reading materials to the advance learners.
- ❖ Financial assistance is given to the students for participation in various intercollegiate competitions and for presenting papers in the conferences/seminars/workshops.
- ❖ By giving incentives in the form of prizes, medals and cash incentives to come up and scale still higher achievements in academic excellence.
- ❖ Felicitation to the students of higher merit.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of dropout (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc. who may discontinue their studies if some sort of support is not provided)?

The institution collect, analyze and use the data and information collected on the academic performance of the students at the risk of dropout through:

- ☆ Collecting information through admission process those students admitted to the lower class in previous year not getting admission to the higher class may be contacted through the phone or letter and pursue them to get admission to the higher class.
- ☆ Those who are irregular continuously to the classes may have the chance of discontinuing education.
- ☆ Those who remaining absent to the examinations.

Through these sources, the institution collects data and information of the students at the risk of dropout.

For such students, the institution inspires them to continue education. Faculty also motivate / counseling them to continue education. Our college staff members given financial assistance to the economically weaker students. Same support is given to the students who are physically challenged, slow learners and economically weaker section of the society and in general all students who are at the risk of dropout.

2.3 Teaching-Learning Process

2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)

The institution prepares plan and organize the teaching-learning and evaluation schedules according to the plan throughout the year.

- ☆ We prepare the academic calendar of events every year which is consisting of time schedule of curricular, co-curricular, extracurricular activities and internal test schedules displayed on the notice board and also upload on the website.
- ☆ All the members of the faculty prepare conspectus of studies in their respective subjects and complete the teaching process according to the conspectus of the studies.
- ☆ Various committees are constituted for the smooth conduct of curricular and co-curricular activities in the college.
- ☆ Heads of the Department conducts meetings with their assistance to discuss about departmental, individual time table, distributing syllabus, preparation of teaching plans, subject-wise and semester-wise.
- ☆ Internal Assessment Tests for each class are conducted during the 8th and 12th week of each semester.
- ☆ Faculty members provide to the students pattern of question papers, model question papers, scheme of evaluations etc.

2.3.2 How does IQAC contribute to improve the teaching –learning process?

IQAC (Internal Quality Assurance Cell) is the most important academic committee (Cell). Its prime aim is to enhancement of quality in higher education of the institution. This committee meets 3-4 times in a academic year to review the quality of education.

The IQAC contributes to improve the teaching-learning process in the following manner:

- ❖ Preparation of calendar of events for the year.
- ❖ Motivating the faculty members to undertake research projects to increase research activities.
- ❖ IQAC organizes seminars and workshops for teachers to enhance their knowledge.
- ❖ Review the result of university examination of all the programmes and suggest the suitable measures to improve results in case of unsatisfactory results.
- ❖ To prepare and suggest certain plans for the improvement in teaching-learning, research activities of the institution.

- ❖ Conduct the continuous evaluation of students and teachers.
- ❖ Suggest to the management to provide sufficient and satisfactory infrastructure.
- ❖ Prepare and submit at the end of the year its Internal Quality Assurance Report (IQAR) to the NAAC office within the stipulated time.

By adopting these measures, the IQAC contributes to improve the teaching-learning process of the institution.

2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

B.A., B.Com. and M.Com programmes which our institution provides are student centered programmes. To support these curricular activities, teachers adopt certain co-curricular and extracurricular activities to develop various skills like interactive learning, collaborative learning and independent learning among the students which may be helpful to the students throughout their life.

- For developing **Interactive Learning** several activities like debate competition, quiz competition etc organized.
- For developing **Collaborative Learning** some activities like group discussion, seminars on particular aspects and workshops on particular problems are conducted.
- For development of **Independent Learning** some activities like prepared speech competition, elocution, essay writing and singing competitions are conducted.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

The institution organizes certain programmes to nurture critical thinking, creativity and scientific temper and transform them into life-long learners in the following manner:

- ☆ The institution conducts debates, essay competitions, quiz and speech competitions regularly.
- ☆ Reading of self written poems by students.
- ☆ Students write articles for the college magazine (Poobagi).
- ☆ Organizing Chess competition as an indoor game.
- ☆ The institution conducts seminars, workshops, commerce fest and other extracurricular activities.
- ☆ Ladies association conducts various competitions like Rangoli, Mehendi, Musical Chair, Dish Competition etc for girl student to expose their creative potential.
- ☆ Organizing critical review of certain books by the students.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

The institution provides certain technical facilities to the faculty to be used for effective teaching are:

- ❖ Internet with Wi-Fi facility
- ❖ 07 classrooms fitted with LCD Projector
- ❖ 01 Classroom fitted with Smart Projector
- ❖ 02 Interactive Board with LCD Projector
- ❖ Internet facilities in computer laboratory and in some department.
- ❖ Availability of Printers and Xerox
- ❖ E-library software facilities through which national and international journals may be referred by the teachers and students.
- ❖ Use of Audio-Media such as CD's, DVD's

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

The students and faculty are exposed to advanced level of knowledge and skills and keep pace with the recent development in the respective subjects by using:

- ☆ Internet facilities.
- ☆ By referring recent national and international journals.
- ☆ By attending conferences and seminars organized in different institutions and research centres on the recent subjects.
- ☆ By hosting National and State level seminars in our college.
- ☆ By inviting experts to give special lecture on the recent developments in the subject.
- ☆ Organising quiz, elocution, debate competitions for students.
- ☆ Career counseling cell organized workshop on 'Life Skills' by inviting expert / resource persons.
- ☆ Participation of students in intercollegiate events workshops / conferences.
- ☆ By displaying the cuttings of papers and journals of recent developments in the subject on the notice board.

2.3.7 Detail (process and the number of students \ benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling / mentoring / academic advise) provided to students?

The institution provides academic & personal support and guidance services to the students through professional and academic advice.

- ☆ Counseling the students at the entrance level about selection of course and subjects nominating the professors for each batch.
- ☆ Counseling the students of final year about the job opportunities giving training on preparation of Bio-Data and Resume for applying jobs.
- ☆ Giving personal support to the weaker section students through financial help.
- ☆ Adopting of poor genius students through faculty members.
- ☆ Giving psychological support to the students during examination time through orientation programme about the question paper pattern and explaining model answers etc.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

We have adopted the following innovative teaching approaches / methods in addition to the lecture method suitable to the subjects such as:

- PowerPoint presentation
- Workshop method
- Conducting classroom seminars
- Group discussion
- Interaction method
- Participatory method
- Testing and comprehensive method
- Industrial Study Tour
- Solution of case studies.

These methods are adopted in teaching some subjects by our faculty since last many years. There is a good support by the institution and the management. They have provided all possible facilities to adopt these new and innovative approaches and practices in teaching process. The students are also co-operating and eager and active involvement in this innovative approach of teaching process.

As a result of these innovative practices in this institution every year will get good results in the university examination.

2.3.9 How are library resources used to augment the teaching- learning process?

There is a central library in our institution. This library ensures the use of library resources to augment the teaching-learning process by the following methods:

- By providing the required books, journals to the faculty and students.
- Important volumes like Encyclopedia, Dictionaries etc are issued only for reference in the library.
- News papers and periodicals are put on the reading board.
- New arrivals are displayed on the notice board.
- Provisions of OPAC help the Library users.
- E-Journals and E-Resources used by the faculty and students.

In addition to these facilities there are certain support facilities are available in the library such as:

- ❖ Computer with Printer.
- ❖ Internet facility to explore online information by the students and staff.
- ❖ Reprographic facility
- ❖ Audio-Video cassettes facility.

Thus the library resources are used to augment the teaching-learning process in our institution.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

No, the institution does not face any challenges in completing the curriculum within the stipulated time.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

The institution monitors and evaluates the quality of teaching-learning by conducting:

- Periodical tests conducted in each subject.
- By organizing classroom seminars for students.
- By giving home assignments / tutorials.
- By conducting co-curricular activities such as Quiz, Debate, Speech and other academic competitions.

By evaluating the students through various angles their short falls can be brought to the notice of the students and suggestions are given for rectification. This will help to improve quality in learning process.

In respect of teaching process semester examination results are analyzed by the IQAC at the end of academic year and suggestions are given to improve the teaching methods.

2.4 Teacher Quality

2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.

The members of the faculty are selected through the recruitment by the selection committee constituted by the Commissioner of Collegiate Education Bengaluru as per norms.

We have the required number of qualified and competent teachers to handle all the courses. For self finance courses the management appoints temporary teachers through recruitment by the selection committee constituted by the management. They are retained by providing all the facilities till the completion of academic year. Thus the institution has its own planning and management of its human resources to meet the changing requirement of the curriculum.

The following table shows the institution's human resources

2.4.2 How does the institution cope with the growing demand/ scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

The institution has recently introduced only one new PG programme i.e. M.Com. Though there is scarcity of qualified senior

faculty to teach new programme, it managed to get the qualified junior faculty to teach various subject of the new programme.

For common subjects if any we assign those subjects to the qualified senior faculty who are teaching in UG programmes. Efforts are made by the institution to recruit senior faculty members but due to scarcity they are not available. In spite of the scarcity of senior faculty we have good results in the university examination of new programme, though it is taught by the junior faculty members. Special care is taken in such cases.

2.4.3 Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

The institution provides facilities for the professional development of the faculty by providing study leaves, deputation to national conferences, seminars, training programmes. The management has provided the facilities for the organization of national conferences, seminars and workshops at our institution.

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

Yes, the institution has introduced evaluation of faculties by the students by obtaining the feedback at the end of the academic year. There is a prescribed feedback sheet for evaluation of faculties given by NAAC. The feedback sheets are analyzed and if any weakness of the teachers is found, the same is brought to the notice of the concerned faculty by the principal and suggestions are given for the improvement.

But there is no evaluation of teachers by External Peers. However, within the institution the senior faculty members of the department and principal also can evaluate the performance of the junior teachers. If any irrelevance is found it is brought to the notice of the concern teachers and suggestions will be given to improve. By following this process the institution improve the quality of Teaching-Learning process.

2.5 Evaluation Process and Reforms

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

The institution ensures the stakeholders especially students and faculty are aware of the evaluation process through:

- Orientation programme conducted for the new entrants to the course every year. During this programme internal assessment procedure and university end examination procedures and evaluation, revaluation processes are clearly explained to the students.
- Prospectus published every year contains detailed information about the evaluation method.
- By issuing and circulating notice to the classrooms and displaying on the notice board about the time schedule and process of evaluation.

- The faculty members are made aware of the recent updates of the evaluation process through workshops organized by the university and teachers associations.
- By circulating circulars received by the affiliating university for semester examinations.
- University website and College website.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

All the major evaluation reforms of the university are adopted by this institution. Such major reforms in recent years are:

- Online submission of examination application.
- Conducting examination group-wise combination of subjects.
- All classrooms are equipped with CCTV camera to ensure transparency in examinations.

The institution cannot initiate any reforms as per university examinations are concerned. But reforms can be initiated in respect of Internal Assessment examination. The institution conducts internal assessment test carries 20 marks in each subject on time and submitting the Internal Assessment marks to the university online.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

The institution ensures effective implementation of the evaluation reforms of the university and those initiated by the institution on its own through:

- ☆ Constituting an examination committee consisting of senior faculty members. The committee ensures the effective implementation of examination reforms.
- ☆ The chairman and members of the examination committee strictly conducting the 1st and 2nd Internal Assessment test during 8th and 12th week of the each semester.
- ☆ There is co-operation and co-ordination between examination committee and office management staff and the faculty members which ensures effective implementation of evaluation reforms.
- ☆ By conducting semester examinations according to the university time-table.
- ☆ By conducting extracurricular activities according to the calendar of events prepared by the institution and calendar of events given by the Rani Channamma University Belagavi.
- ☆ All the classrooms are equipped with CC TV camera to ensure transparency in examination.

2.5.4 Provide details on the formative and summative assessment approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.

The affiliating university has adopted the formative and summative assessment approaches to measure student achievement in every semester system of each course.

The **Formative Assessment** of student is done by the concerned university by conducting semester examination at the end of each semester. This is formal procedure of the university.

The **Summative Assessment** of students is done by our institution throughout the year, by organizing various programmes such as:

- Conducting two assessment tests carries 20 marks in each subject.
- By conducting **Induction Test** for new entrants in each subject.
- By conducting co-curricular and extracurricular activities such as sports, cultural activities, competitions such as debate, quiz, essay, soft skills, speech etc.
- By conducting various activities under NSS, NCC, Scouts & Guides, Red Cross and Human Rights forums.

Both these approaches to measure students achievements have had positive impact on the students and the system.

2.5.5 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

There is transparency in the internal assessment system in our institution. The marks obtained by the students in both the internal assessment in each subject are displayed on the notice board before submitting to the university. The papers assessed by the faculty are returned to the students for verification. And the mistakes in each paper brought to the notice of the concerned student. And suggestions are given for the rectification of mistakes by the concerned faculty in each subject. Then faculty collects the papers and preserve for the reference.

While giving marks for the internal assessment, weightage is assigned for behavior of the students. His behaviors on the campus, behavior with other students in the classroom, with the teachers are taken into consideration. For communication skill language used in the answer his thoughts expressed in the answer are taken into account, to judge the independent learning and communication skills etc.

Similar procedure is followed for PG M.Com Course.

2.5.6 What are the graduate attributes specified by the college/affiliating university? How does the college ensure the attainment of these by the students?

University and college specify certain attributes such as:

- Students should be competent and self confident.
- Students should develop innovative ideas during their learning.
- Students should develop knowledge and skills helpful for them in their future life.
- Skill development and employability skills
- Students should inculcate ethical and moral values.
- They should develop concerns towards society and nation at large i.e. he should aim at nation building and social justice.

The college ensures the attainment of these by the students through effective teaching & learning process. The aim of the institution is to prepare youths for national and global competencies and inculcating moral values.

2.5.7 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

There is an effective mechanism for redressal of grievances with reference to evaluation both at the college and university level.

University level:

The students who are the victims and thought that there is an injustice for them they can apply for the re-counting and re-valuation of papers. There is a provision for getting the xerox copy of their paper from the university in certain subjects. If there is injustice they can approach to the concerned authorities and even they can go to the court-of-laws for justice.

College Level:

For the grievances of the internal assessment there is grievances committee. The students can approach to the grievance committee or he/she can approach directly to the Principal. In such cases the principal take interest and ask for the re-assessment of such tests and home assignment papers of the victim by the faculty and do justice if eligible by reconsideration of the grievances.

2.6. Student performance and Learning Outcomes

2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

Yes, institution has clearly stated the learning outcomes. The institution provides B.A., B.Com. & M.Com programmes. The students admitted to any degree course should complete the course successfully and award the degree in respect of course at the end of the programme.

Students and staff are made aware of the learning outcomes through:

- ☆ Prospectus
- ☆ Orientation programme.
- ☆ Handbills, Banners, Posters etc. displayed at the different places.
- ☆ Through Vision, Mission and Objectives of the college displayed at the different places.
- ☆ Prominent alumni members are invited to share their experiences with the students.
- ☆ The prescribed curriculum provides learning outcome.

2.6.2 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course / programme? Provide an analysis of the students results / achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

The institution monitors the progress of the students through by conducting:

- Internal Assessment Test regularly.
- Conducting class seminars.
- Home assignment.
- By conducting co-curricular & extracurricular activities such as quiz, debate, speech and other competitions.

The progress and performance of the students in IA Test and Home Assignments are discussed with the students in classroom by respective teachers for improvement of the performance.

The performance of the students is monitored through results of the semester examinations conducted by the university.

The following table shows the course-wise result analysis.

2.6.3 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The institution strategies for teaching, learning and assessment are structured so as to facilitate to students to achieve **Intended Learning** outcomes throughout the year.

The following strategies are structured:

- We prepare the academic calendar of events every year which is consisting of Time Schedule of curricular, co-curricular and extracurricular activities through which the continuous evaluation of students take place which helps the students to achieve their intended goal.
- We provide the model answers in each subject to the students for their examination preparation. This helps the students to scale the higher achievement in their performance.
- We conduct orientation programme to all the semester students on the preparation of examinations and guide on the pattern of question papers. This also helps the students to achieve their desired goal.
- For teaching process we prepare the conspectus of studies in each subject and the faculty members complete their teaching process according to the conspectus of studies.
- Assessment of the students at the end of the semester took place according to the time schedule and norms of the university.
- For continuous assessment the institution conducts two internal assessment tests and organizing various activities such as quiz, speech, debate, essay writing, singing, etc throughout the year as per calendar of events prepared by the IQAC of the institution.

2.6.4 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?

The institution has organized, certain functions to enhance the social and economic relevance of the course such as:

- There is **SC/ST Cell** which safeguards the interest of the students, also organize some functions relevant to the burning problems of backward classes.

- There is **Ladies Union** to safeguard the interest of the ladies students they organize functions to create awareness about women in society.
- **Human Rights Association** is constituted it organizes functions to create awareness on the human rights among the students.
- Career Counseling and Placement Cell conducted workshops on personality development and employability skills which create the quality required for job.
- Motivating the B.A./ B.Com final year students to attend pre-placement training conducted by Vidya Poshak Graduate Finishing School, Dharwad and Deshpande Foundation Hubballi.
- **Students Guidance and Employment Cell** this cell gives guidance and information about the employment and self employment i.e. entrepreneurship opportunities available for the students.
- **Research Cell** : There is research cell in the institution it guides and supervise the research activities of the faculty and the students. For students small research projects are assigned to develop the research aptitude among the students.
- Motivating the students to attend the campus interviews conducted in other institutions.
- Entrepreneurship awareness programmes / workshops conducted by inviting resource persons by career counseling cell for B.Com students.

These are the functions initiated by the institution to enhance social and economic relevance of the course.

2.6.5 How does the institution collect and analyze data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?

The institution collects and analyses the data on students' performance and learning outcomes in the following ways:

- ❖ The students' performance in IA Test and semester examination results conducted by the university.
- ❖ Overall performance of the students in extracurricular activities conducted by the institution.
- ❖ Information on the placement of our students in various sectors of the economy Government, Non-Government, Public and Private sector.
- ❖ Progression to the higher studies.

All these collected information and data are used to prepare the better planning of the programmes to get desired results in future.

2.6.6 How does the institution monitor and ensure the achievement of learning outcomes?

The institution monitors and ensures the achievement of learning outcomes on the basis of :

- ☆ Performance of the students in IA test and semester end examinations.
- ☆ Performance of students in co-curricular and extracurricular activities.
- ☆ Placement of the students in job market i.e. number of students of the institution seek the employment opportunities.
- ☆ Number of students admitted to higher studies i.e. progression of the students to higher studies.

To ensure these achievements the institution has its own Placement Cell and Employment Guidance Cell. Both these cells guide the students to get the desired goals.

2.6.7 Does the institution and individual teachers use assessment/ evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

Yes, the institution uses the assessment and evaluation outcomes as an indicator for evaluating the students' performance, achievement, learning objectives and planning.

Our institution provides greater emphasis the placement of the students in various sectors through placement cell and through employment guidance cell, the number of students are inspired to get admission for higher studies.

The following table shows the progressions of students to higher studies are:

Sl. No	Year	No. of Students

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

3.1 Promotion of Research

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

Our institution is not recognized as the research centre either of the affiliating university or of any other agencies / organizations. But regular research activities are undertaken at the initiation of the institution itself under the able guidance of the research cell constituted in the institution. We have the best outcome of research activities.

3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

Yes, the institution has a research committee to monitor and address the issues of research. The cell consists of the following members to facilitate and monitor the research activities in the institution.

Composition of the Research Committee for the year 2015-16

Sl. No	Name of the faculty	Subject	Designation	Remarks
1	Dr. D B. Pandre	Hindi	Chairman	Research Guide
2	Dr. Y. B. Himmadi	Kannada	Coordinator	Research Guide
3	Dr. N. G. Doddagoudar	Hindi	Member	Research Guide
4	Prof. D. S. Gudadinni	Commerce	Member	Senior Member
5	Prof. P. B. Munyal	Political Science	Member	Senior Member

Recommendations of the Research Committee are:

- ☆ The committee inspires the faculty members to apply for research projects to UGC for financial assistance.
- ☆ Motivating the students in the process of learning to undertake the research projects / surveys / field surveys.
- ☆ Giving information to the faculty members about UGC research schemes.
- ☆ Motivation to the staff and the students for the preparation of the research papers for the presentation in National / State level seminars and workshops.
- ☆ The faculty members are encouraged to register for M.Phil. / Ph.D.
- ☆ Provision for infrastructure facility to carryout research activities.
- ☆ The committee reviews the research proposals and submit to the UGC for assistance.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?

- **autonomy to the principal investigator**
- **timely availability or release of resources**
- **adequate infrastructure and human resources**
- **time-off, reduced teaching load, special leave etc. to teachers**
- **support in terms of technology and information needs**
- **facilitate timely auditing and submission of utilization certificate to the funding authorities**
- **any other**

The institution has taken some measures to facilitate smooth progress and implementation of research projects.

Sl. No	Aspects (Provision)	Measures taken by the institution for its implementation of research
1	Autonomy to the principal investigator	The institution has given autonomy to the principal investigator in respect of selection of subject for research, selection of students for the course etc. to carryout research projects.
2	Timely availability or release of resources	If the funding agency approves and sanction the amount to the institution, then the institution provides or release the fund timely to the principal investigator.
3	Adequate infrastructure and human resources	The institution has provided sufficient and adequate infrastructure and human resources such as Computer facilities, Reading materials, Printers, Xerox facilities and Administrative staff etc.
4	Time-off, reduced teaching load, special leave etc. to teachers	Time-off is permitted to principal investigator, reduction in teaching workload, special leave facilities for researchers to visit field, surveys and other universities.
5	Support in terms of technology and information needs	The institution supports the research scholars through providing technical tools such as Computer, Internet facilities, Printers, Xerox facilities etc. in addition to the provision of information needs such as books, journals.
6	Facilitate timely auditing and submission of utilization certificate to the funding authorities	The research cell meets regularly to monitor the research progress of the research scholars and submit the utilization certificate on time to the funding authorities.
7	Any other	Our management has supported the research activities undertaken by faculty and students and appreciated the research activities of the college.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

- To develop the scientific temper and research culture and aptitude among the students, we are assigning small projects to the students to prepare project report on those aspects.

- Students are encouraged to participate and present papers in National / State level seminars / conferences / workshops organized by other colleges.
- Internet and Wi-Fi facility available to students to carryout research activities.
- Organization of special lecture on “Research Methodology” by inviting eminent research scholars.
- By providing facilities to spot visit, visit to factories, self help groups etc. to prepare minor projects.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.

The institution promotes faculty involvement in active research by:

- Acting as a guide to Ph.D. and M.Phil. students.
- Undertaking various projects both major and minor research projects funded by UGC and other private agencies.
- Some of the faculty members involved in research activities along with the students to prepare small projects.

The following table shows involvement of faculty in active research.

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

Prof. D. B. Pandre utilized study long leave for the period of two years in Faculty Improvement Programme (FIP) scheme of UGC and completed research work and awarded Ph.D. Other faculty members utilized short term leaves as and when needed for research activities and awarded M.Phil. and Ph.D. This has improved the quality of research and imbibed the research culture on the campus.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)

The institution creates awareness of research among the students and community at large through:

- Paper advertisement about the award of research degrees to our faculty members.
- Displaying their achievements in research on notice boards.
- Felicitations to the awardees which creates awareness and inspires other staff and students to undertake research activities.
- Intimating the research findings to the funding agencies through letters and detail notes or submission of projects.

3.2 Resource Mobilization for Research

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

Our college is not research institute. Hence there is no separate budget provision for research activities, we can make use of certain percentage of budget for the development of research by subscribing research journals and required books for research under the budget kept for the books and journals.

The individual researchers mobilizes financial resources from UGC or self finance resources. The institution provides necessary assistance needed to research scholars.

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?

There is no separate budget provision in the institution to provide seed money to the faculty for research. But the institution provides such seed money out of the funds received from other agencies for conducting research.

The table shows the utilization of such funds collected from other agencies especially from UGC assistance in the last five years.

Sl. No	Year	Name of the Faculty	Amount in Rs.
1	2011-12	Dr. M. S. Gubbewad	12,450
		Prof. D. S. Gudadinni	15,000
		Dr. N. G. Doddagoudar	37,200
		Dr. D. B. Pandre	1,00,000
		Dr. Y. B. Himmadi	32,500
2	2012-13	Dr. N. G. Doddagoudar	2,61,000
		Prof. A. S. Nidawani	5,000
3	2015-16	Dr. D. B. Pandre	45,000
Total			3,11,000

3.2.3 What are the financial provisions made available to support student research projects by students?

The institution promotes participation of students in research activities by providing financial help to spot visit, visit to factories, self help groups, etc. to prepare research projects.

Students are encouraged to participate and present papers in National / State level seminars/ conferences / workshops, registration fees and TA/DA are reimbursed by the college.

3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

The faculty of departments interacts with each other to undertake research projects. Faculty of commerce department interacts with faculty of economics department in some cases. Faculty of other social sciences interacts with each other on certain interdisciplinary matters. For students projects faculty of different departments helps and interact in certain matters of relative subjects. Faculty of language department like Hindi, English and Kannada interact with each other in case of Multilanguage issues.

Field study reports and students projects have been carried out by the concerned departments. The problem of interaction between faculty and different department was successfully overcome by conducting interdepartmental meetings at the faculty level. IQAC being an instrument for overcoming the difficulties.

The institution organizes various functions inviting eminent experts in different subjects for interaction in undertaking interdisciplinary research activities.

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

The institution ensures optimal use of various equipments and research facilities including human resources by providing:

- The basic infrastructure like Computer, Internet, Wi-Fi Facilities, Printers, Books and Journals at free of cost.
- For reading materials library is kept open for eight hours and kept open even on holidays for staff and students.
- Laptop with internet facility is provided to staff.
- The research cell is facilitating to the presentation of research work done by the faculty from time to time.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

The institution has not received grants or finance from the industry or any other beneficiary agency for developing of research, other than UGC grants.

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.

The institution has provided support to the faculty in securing research funds from UGC.

The table shows the ongoing and completed projects.

3.3 Research Facilities

3.3.1 What are the research facilities available to the students and research scholars within the campus?

The following are the research facilities available to the students and research scholars within the campus.

- Well equipped computer lab is available with internet facilities.
- Sufficient building and classrooms, sufficient books and journals and INFLIBNET.
- Seminars are conducted for students in the college.
- Xerox facility is provided to research scholars at reasonable rate.
- Research committee gives guidance and supervise the research work.
- Wi-Fi facility available in the campus.
- Administrative staff is provided to facilitate research scholars.

3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

The Internal Quality Assurance Cell (IQAC) normally prepares the planning for upgrading and creating infrastructural facilities to meet the needs of the researchers. Minor requirements are provided by adjustment in the existing building and for technical requirements adjustments are made within the infrastructure. For major requirements the IQAC will bring to the notice of the management and had interaction with the members. Our management is kind enough to provide the necessary infrastructural facilities in the new and emerging areas of research. For human resource required our institution invites experts from other research institutions for guidance in the new and emerging areas of research.

3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If 'yes', what are the instruments / facilities created during the last four years.

The institution has not received any grants or finance from the industry or other agency for developing research facilities.

3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?

Research facilities made available to the students outside the campus are:

- Visit to factories or field surveys.
- Conducting the surveys by the research scholars in connection with their research work.
- For consulting the research experts of other institutions in relation to the research topics by the research scholars.
- Visit to affiliating university i.e. Rani Channamma University, Belagavi and other universities for research work.
- Visit to Dakshin Bharat Hindi Prachar Sabha, Dharwad.
- Visit to Kannada University, Hampi, PG Centre, B. R. Darur research institute, Harugeri.
- Visit to Karnataka State Women's University, Vijayapur.

3.3.5 Provide details on the library/ information resource center or any other facilities available specifically for the researchers?

- A separate compartment in the library is provided to the research scholars for their study.
- International and National journals are subscribed by the library to facilitate the researchers.
- Reprography and Xerox facility is provided to the research scholars in the library to get Xerox of the reading materials.
- Computer and internet facilities are provided in the Library.
- CD's and E-Reading facility for research work.
- The college research committee serves as a information resource centre to research scholars.

3.3.6 What are the collaborative research facilities developed/ created by the research institutes in the college. For ex. Laboratories, library, instruments, computers, new technology etc.

Collaborative research facilities are not developed in our institution, but independent facilities are provided for research. Language laboratory is established. Sufficient number of computers with ICT technology is provided for research scholars.

3.4 Research Publications and Awards

3.4.1 Highlight the major research achievements of the staff and students in terms of

- **Patents obtained and filed (process and product)**
- **Original research contributing to product improvement**
- **Research studies or surveys benefiting the community or improving the services**
- **Research inputs contributing to new initiatives and social development.**

The major research achievements of the staff are:

- Four faculty members have been given an opportunity to guide and give consultation for M.Phil. and Ph.D. degree students of different universities and institutions.
- Six students are awarded Ph.D. degree who were guided by our faculty members.
- Ten students were awarded M.Phil degree from different universities, they were guided by our faculty members.
- Ten Ph.D. scholars are pursuing research under guidance of our faculty.
- ☆ **Patents obtained and filed (process and product)**
So far no patents obtained or filed by the faculty.
- ☆ **Original research contributing to product improvement**
Ph.D. and M.Phil. degrees awarded to our faculty members are their original contribution and have contributed to product improvement.

☆ **Research studies or surveys benefiting the community or improving the services**

All research studies undertaken by the faculty for obtaining Ph.D. or M.Phil. degrees and one major and six minor projects approved by the UGC are benefiting the community in one way or the other. The recommendations of the research scholars in the research projects sanctioned and approved by the UGC are accepted by the UGC. Thus, they are benefiting to the community.

☆ **Research inputs contributing to new initiatives and social development.**

Several new areas of research have been initiated for further research as a result of the research projects of our faculty members.

3.4.2 Does the Institute publish or partner in publication of research journal(s)? If 'yes', indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?

The institution is not publishing any research journals of its own. However some of the articles written by the faculty members are published in journals published by other institutions.

Our former principal Dr. M. S. Gubbewad was the co-editor of a research journal Prabhanveshna published by KLE's BK College Chikkodi, this journal is listed in ISSN2249-0418.

3.4.3 Give details of publications by the faculty and students:

- ❖ **Publication per faculty**
- ❖ **Number of papers published by faculty and students in peer reviewed journals (national / international)**
- ❖ **Number of publications listed in International Database (for Eg: Web of Science, Scopus, Humanities International Complete, Dare Database - International Social Sciences Directory, EBSCO host, etc.)**
- ❖ **Monographs**
- ❖ **Chapter in Books**
- ❖ **Books Edited**
- ❖ **Books with ISBN/ISSN numbers with details of publishers**
- ❖ **Citation Index**
- ❖ **SNIP**
- ❖ **SJR**
- ❖ **Impact factor**
- ❖ **h-index**

☆ **Number of papers published by faculty and students in peer reviewed journals (national / international)**

Some of our faculty members are actively involved in publication of articles, reference books and textbooks.

The following table shows details of faculty publications in international / national peer reviewed journals.

The institution promotes institution-neighbourhood-community network and student engagement through:

- Organizing extension activities in rural areas in which students acquire attitude for service, training and contribute to the community development. We have organized many extension activities in rural areas such as health camps, cattle health checkup, blood group checkup and blood donation camps etc. Students will acquire attitude for service & training.
- Conducting special camps under NSS, NCC, Scouts & Guides.
- Providing certain relief programme in rural areas during natural calamities.
- Conducting certain awareness programmes in rural areas such as AIDS awareness, H₁N₁ awareness, consumers awareness etc.

3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities which promote citizenship roles?

The institutional mechanism to track students involvement in various social movements / activities is through various programmes of NCC, NSS, Scout & Guides, Youth Red Cross etc. Through these extracurricular activities students are involved in social activities. Students are also motivated to participate in social services to get the exposure to current social problems and create awareness among the students about their role and responsibilities in the society.

3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?

The institution solicits stakeholders' perception on the overall performance of the institution through:

- Regular feedback from stakeholders.
- Appreciation of the programme by the community leaders.
- Demand by the community leaders to organize such programme in other rural areas.
- The suggestions of Local Inquiry Committee (LIC) are also solicited.
- Suggestions are also invited from the faculty members and non-teaching staff.

3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.

The institution plans and organizes its extension and outreach programme as per the calendar of events prepared by its IQAC. The concerned faculty members approach to the local institutions such as schools, panchayat offices and other concerned officers to organize programmes. There is no separate budgetary allocation of budget for organization of such activities. However, the institution provides certain amount out of the funds allotted for associations kept in budget and the institution with the co-operation of the local community can manage the financial constraints.

During the last five years money spent on such extension and outreach programmes is as follows.

Year	2011-12	2012-13	2013-14	2014-15	2015-16
Amount for NSS Special Camp Rs.	22500	22500	22500	22500	22500

These programmes are service oriented and developing good citizenship qualities and helps the development of the students.

NCC and NSS units have undertaken various social activities in the last five years:

- AIDS awareness programme.
- Pulse-Polio Immunization programme.
- Health and Eye checkup camp.
- Tree plantation
- Anti-Drug awareness among the students.
- Swaccha Bharat Abhiyana
- Legal awareness programme.
- Human Rights awareness programme.
- Voters' awareness programme.
- Protection of old monuments.
- Ill-effects of fireworks.
- Consumer awareness in villages.
- Yoga and Meditation camps in villages.
- Awareness against superstitions.

The impact of these activities on students are to get the opportunity of learning leadership qualities, improvement in communication skills, co-operation and co-ordination, teamwork skills, unity and discipline, inculcate patriotism, etc.

3.6.5 How does the institution promote the participation of students and faculty in extension activities including participation in NSS, NCC, YRC and other National/ International agencies?

The institution promotes the participation of students and faculty in extension activities including participation in NSS, NCC, YRC through:

- Conducting special camps under NSS & NCC, Scouts, Red Cross and other organizations.
- Organizing extension activities by the departments on several subjects of National importance.
- NSS unit of our college organizes a special camp in adopted villages near the institution and organizes various functions / programmes / extension activities in the villages.
- NCC cadets are encouraged to participate in various camps and extension activities in the college and rural areas.
- Before the enrollment of the students for NCC, NSS, Scout & Guides and Youth Red Cross the concerned officer / coordinator will explain the benefits / advantages in participation in extension activities.
- Prizes and awards are given to students in recognition of their achievements in extension activities.

3.6.6 Give details on social surveys, research or extension work (if any) undertaken by the college to ensure social justice and empower students from under-privileged and vulnerable sections of society?

As our vision is to provide education for moral values and social justice, in this regard our college has undertaken some social surveys, research and extension work to ensure social justice in which students from under privileged sections such as SC/ST, minorities and other backward community students are involved.

- The department of Commerce has organized extension lecture on “Consumer Awareness” at Nandikurali village in Raibag taluka.

CRITERION IV: INFRASTRUCTURE AND LEARNING RESOURCES

4.1 Physical Facilities

4.1.1 What is the policy of the Institution for creation and enhancement of infrastructure that facilitate effective teaching and learning?

The policy of the institution for creation and enhancement of infrastructure that facilitate effective teaching and learning depends on the nature and duration of the requirements of the institution. If the infrastructure either of buildings or materials required for short duration, that can be adjusted within the existing infrastructure. If the infrastructure required for long period, the institution will take certain measures to construct buildings or purchase required materials by utilizing its own fund or by mobilizing required resources from other agencies. The management of institution looks that there is no shortage of infrastructure of any kind thus, the institution has taken maximum care in providing infrastructure to facilitate effective learning. This policy of the institution facilitates effective teaching and learning.

4.1.2 Detail the facilities available for

- a) **Curricular and co-curricular activities – classrooms, technology enabled learning spaces, seminar halls, tutorial spaces, laboratories, botanical garden, Animal house, specialized facilities and equipment for teaching, learning and research etc.**
- b) **Extra –curricular activities – sports, outdoor and indoor games, gymnasium, auditorium, NSS, NCC, cultural activities, Public speaking, communication skills development, yoga, health and hygiene etc.**

a) Curricular and co-curricular activities:

We have sufficient infrastructure for curricular and co-curricular activities.

- Sufficient rooms - Total 42 rooms including 18 classrooms, 02 Computer laboratories, 01 library, 02 reading rooms, 06 department rooms, 01 common staffroom, 01 ladies room etc.
- Reading room with facilities of 100 students seating capacity.
- Sufficient reading materials i.e. total books-30,140, journals-30, daily news papers-10.
- Administrative building such as principal chamber, president room, office room and department rooms.
- Computer laboratory with internet facility. The total numbers of PCs are 80 and 15 Printers with 80 students' accommodation.

- Computers with internet facilities in office, principal chamber, department rooms and library.
- Well furnished canteen facilities, health centre and hostel facilities for ladies with intake of 40 students.
- We have sufficient furniture and equipments such as generators, 5 KVA invertors, Xerox machines etc.
- We have sufficient essential materials like mike, musical instruments, LCD, TV etc. which are helpful in organizing curricular and co-curricular activities.
- Seminar hall to conduct various seminars, workshops, conferences and tutorials in different subjects.
- Regarding botanical garden, we provide only Arts and Commerce programmes not Science programme. Hence the botanical garden is no need for our programmes. However, to maintain beauty of the campus and greenery in the campus we have planted certain show plants, small trees for esthetic pleasure in the campus.
- We have research facilities with sufficient infrastructure like library, computers, internet with Wi-Fi, printers, Xerox machines to facilitate the research scholars doing Ph.D. and M.Phil. courses.

b) Extra –curricular activities:

We have various departments like NSS, NCC, Youth Red Cross, SWO department, Scouts & Guides, SC/ST cell, sports and other departments to conduct extracurricular activities.

- We have sufficient two playgrounds to conduct Athletic and Outdoor games.
- We have Sports rooms to conduct indoor games and under UGC assistance Indoor Sports Training Hall is under construction.
- Gymnasium facility is available.
- Simple auditorium room is available to conduct various cultural programmes, Yoga and important meetings with the students.
- For the development of public speaking and communication skills we have language laboratory.
- For primary health care and hygiene of staff and students we have health centre to take care of minor health problems. One qualified Doctor S. G. Naik visit the institution on request.

The staff members and students undergo medical checkup once in a year. For major health problems, the staff and students can avail the health facilities at Karnataka Health Institute (KHI), Ghataprabha at the minimum cost as our chairman is the Founder member of KHI.

4.1.3 How does the institution plan and ensure that the available infrastructure is in line with its academic growth and is

optimally utilized? Give specific examples of the facilities developed/augmented and the amount spent during the last four years (Enclose the Master Plan of the Institution / campus and indicate the existing physical infrastructure and the future planned expansions if any).

The institution ensures that the available infrastructure is in line with its academic growth. For that the institution has constructed 06 new classrooms & 02 other general halls during last five years and purchased books, computers, laptops, LCD, water purifier, refrigerator, Xerox machines etc.

The following table shows the increase in infrastructure of the institution and the amount spent during the last five years.

Sl. No	Particulars	Expenditure Year-Wise (in Rs.)				
		2011-12	2012-13	2013-14	2014-15	2015-16
1	Building	-	672400	--	130000	4440039
2	Computers	315715	723620	87500	1388168	--
3	Equipments	939435	276380	18750	2199546	1000000
4	Books and Journals	110161	80454	106250	205175	56891
5	Furniture	-	--	50000	96950	25200

The institution plans and ensures that the available infrastructure is optimally utilized. Classrooms are used according to the time-table of the college. Library is kept open for use of staff and students during working hours. Computer laboratory is kept open for use of students and staff during working hours of working days. Xerox machines can be used whenever there is need for getting Xerox copies both by students and staff. Library is kept open after the working hours during the examination time for the use of students. Sports materials are used during and after the working hours. Thus the existing infrastructure is utilized to the maximum extent from morning to evening. We have plan of adding required infrastructure based on strength of the students and new course year after year in the campus. (Master plan of existing physical infrastructure of institution is enclosed along with future expansion plan)

4.1.4 How does the institution ensure that the infrastructure facilities meet the requirements of students with physical disabilities?

Our college ensures that the infrastructure facilities meet the requirements of students with physical disabilities.

- For visually disabled students i.e. blind students we provide Audio cassettes of different subjects which they offer for their course, instead of books. A helper is provided to write papers during the examinations according to the university norms.
- For physically disabled persons usually existing infrastructure facilities are provided and for their easy movements ramp facility is given instead of steps.

- For such students the accommodation is made available in the ground floor only. However, the number of such students is negligible.

4.4.2 What are the institutional mechanisms for maintenance and upkeep of the infrastructure, facilities and equipment of the college?

The institution maintains its infrastructure facilities in good and working condition. No permanent staff is appointed for the repair and maintenance of equipments. The repair of the damaged buildings and furniture of the college is made yearly. For the repair of the equipments one outside technician is called temporarily for the repair. One faculty member is assigned for supervision of equipments, wherever there is a need for the repair of the equipments the concerned faculty looks after it. For software maintenance we have assigned package programme to a particular company on yearly basis. They upgrade the software annually. For hardware equipments (Soft-Techs & Info-Tech Service and Sales Dealer) are assigned for maintenance.

4.4.3 How and with what frequency does the institute take up calibration and other precision measures for the equipment/instruments?

The institute takes up certain precise measures for the maintenance of equipments or instruments regularly on yearly basis. During the warranty period if any defect is found in instruments it will be brought to the notice of the concerned company for replacement of the equipment or instrument. If the instrument is old and found difficulties in its working frequently the institute will replace the old and installed new instrument in its place. Management will take some measures in this process by financing in-addition to college routine expenditure, if expenditure is more.

4.4.4 What are the major steps taken for location, upkeep and maintenance of sensitive equipment (voltage fluctuations, constant supply of water etc.)?

The major steps taken for location, upkeep and maintenance of sensitive equipments like voltage fluctuation and constant supply of water are:

- For voltage fluctuation stabilizers are fixed for all sensitive equipments. For all computers we have fixed UPS to control the voltage fluctuations.
- The arrangement of supply of current is made through batteries.
- There are two generators with capacity of 7.5 KVA and 30 KVA are provided for interrupt of electricity supply.
- For constant water supply we have sufficient water source. We get water through two bore wells. For drinking purpose there is facility for purification of water.

The location of these sensitive equipments are fixed at the place where they are secured by fixing fence or border net, and they are placed where the density of students being very less.

CRITERION V: STUDENT SUPPORT AND PROGRESSION

5.1 Student Mentoring and Support

5.1.1 Does the institution publish its updated prospectus/handbook annually? If 'yes', what is the information provided to students through these documents and how does the institution ensure its commitment and accountability?

Yes, annually we publish updated prospectus and other handbooks containing detailed information about the institution and courses provided to the students. The important documents published are:

5.1.4 What are the specific support services/facilities available for.

- ☆ Students from SC/ST, OBC and economically weaker sections
- ☆ Students with physical disabilities
- ☆ Overseas students
- ☆ Students to participate in various competitions/National and International
- ☆ Medical assistance to students: health centre, health insurance etc.
- ☆ Organizing coaching classes for competitive exams
- ☆ Skill development (Spoken English, computer literacy, etc.,)
- ☆ Support for "Slow Learners"
- ☆ Exposures of students to other institution of higher learning/ corporate/business house etc.
- ☆ Publication of student magazines

There are certain specific support services or facilities are available for different students who get admission in the institution.

✓ **Students from SC/ST, OBC and economically weaker sections**

There is SC/ST cell to protect the interests of the SC/ST students. Their grievances are redressed by the cell. It supports and guides the students while submitting application for scholarships, filling the examination forms. It organizes some functions and meetings to review the welfare of such students. It felicitates the highest scorer in academic and sports achievements. The institution provides all the scholarships and other financial aids sanctioned by the government. For **OBC** and economically weaker sections there is minority cell to protect the interest of such students. The college helps to get the financial assistance from the government and other agencies to such students. Books provided to SC/ST, OBC and economically weaker sections under PSL (Poor Students Lending Library). Preference is given to SC/ST and OBC students during enrollment in NSS.

✓ **Students with physical disabilities**

The institution supports the students with physical disabilities both morally and physically. For visually disabled students, we provide Audio cassettes of the subject which they offer their course for study. Those who are unable to write including blind students for them we provide helper to write papers during examinations as per the university norms. For their easy movements ramp facility is provided, for them seating arrangement is made in the ground floor.

✓ **Overseas students**

All support services are available to overseas students also. But no overseas students have taken admission in our institution.

✓ **Students to participate in various competitions/National and International**

The institution supports the students to participate in various competitions by providing incentives both in the form of monetary and material aid. Such incentives are:

- Cash prizes
- Incentives in the form of diet, sports kit, dress materials.

The following table shows incentives provided during the 2015-16.

Sl. No	Nature of Assistance	Amount in Rs.	Beneficiaries
01	Cash Prizes	17500	42 Students
02	Diet	6400	16 Students
03	Sports kit & dress materials	4300	12 Students

✓ **Medical assistance to students: health centre, health insurance etc.**

There is **Health Centre** in the campus of the college. A qualified Dr. S. G. Naik is used to visit the campus on request during working hours of the college. And treat the students as outdoor patients, for minor health problems at free of cost. First Aid facility is available in sports department. Both students and staff of the college are provided free medical facility. There is provision for health insurance in the college. All the students admitted to different courses are insured under 'Group Insurance' scheme.

✓ **Organizing coaching classes for competitive examination**

Organizing coaching classes for competitive exams. Vidya Poshak NGO's Dharwad have provided training coaching to B.A. and B.Com final year students for placements. Deshpande Foundations Hubballi have provided coaching to B.A. and B.Com final year students for placement in corporate sector.

✓ **Skill development (spoken English, computer literacy, etc.,)**

The institution supports the students for development of various skills such as Spoken English, Personality Development and Communication skills etc.

We are organizing co-curricular activities such as Quiz, Debate, Essay writing, elocution speech etc. through which students can acquire skills like speaking, creative writing, etc.

For the development of computer literacy rate we have sufficient number of computers with internet facility in computer laboratory for the use of students.

These support services are helpful to the students for the development of skills and computer literacy.

✓ **Support for "slow learners"**

The institution identifies the slow learners through:

- Orientation programmes.
- By analyzing the past performance of students in previous examinations.
- Through interaction in the classroom by faculty.
- By conducting tests, seminars and home assignments etc.

After identifying the slow learners institution takes care of such students:

- By conducting remedial coaching classes.
- By conducting extra classes.
- Individual attention.
- By providing extra books and other reading materials.
- By counseling such students if it is in the beginning he may be advised to change the subject or the course as the situation may be in the beginning of the first semester of the course.

✓ **Exposures of students to other institution of higher learning / corporate / business house etc.**

The institution provides support services to the students to expose themselves to higher studies through **Career and Guidance Cell**. This cell helps and guides the students about opportunities available for their higher studies.

Orientation programmes are conducted for B.A. and B.Com final year students in which detailed information about higher education, employment opportunities etc are given by expert trainer.

For corporate and business houses there is a scope for the students to visit any corporate sector or business houses or industry during their study tours.

Sometimes the students may be deputed to other institutions to participate and present papers in seminars, conferences, workshops, **commerce fest**, quiz, debate competition conducted by other institutions.

✓ **Publication of student magazines**

Our college publishes every year college magazine (**Poobagi**). Not specially for the students, it is of college magazine in which articles and poems written by staff and students are published. Larger part of the magazine is meant for the publication of students' creative writing. This gives good scope for publication of creative talents of the students through their writings in the form of prose and verses, collection and translations etc.

5.1.5 Describe the efforts made by the institution to facilitate entrepreneurial skills, among the students and the impact of the efforts.

The institution made several efforts to develop entrepreneurial skills among the students they are:

- Career and counseling cell organizes two day workshop on **'Personality Development and Entrepreneurial Skill Development'** in every year by inviting Major C. S. Anand, Life Coach, Dharwad.

- RCUB Intercollegiate Cross Country Competition and Selection trials conducted on 26th September 2014.

- RCUB Zonal and Inter-zonal Kabaddi Competition and Selection trials conducted on 2nd and 3rd March 2016.

By adopting these policies the college will promote the participation of students in co-curricular and extracurricular activities.

The institution promotes the participation of students in co-curricular and extracurricular activities by adopting strategies of constituting 'College Gymkhana' (Student Union) every year. This union consisting of several departments headed by a chairman and members including students' representatives. These committees encourage the students to participate in co-curricular and extracurricular activities and also encourage the students to participate in institutional, intercollegiate, inter-universities and national level competitions.

These are all additional academic supports but regarding flexibility in examinations there is no any flexibility in examination. Examinations are to be conducted according to the strict norms of the university.

5.1.7 Enumerating on the support and guidance provided to the students in preparing for the competitive exams, give details on the number of students appeared and qualified in various competitive exams such as UGC-CSIR- NET, UGC-NET, SLET, ATE / CAT / GRE / TOFEL / GMAT / Central /State services, Defense, Civil Services, etc.

The institution provides support and guidance to the students for appearing, preparing and qualifying in various competitive examinations by giving information and counseling through the 'Career Counseling and Placement Cell'.

The following table shows the number of students passed in these examinations.

Sl. No	Nature of Examination	Number of students appeared	Number of students qualified
1	UGC / NET	20	--
2	SLET	20	10
3	G-MAT	--	--
4	Central / State Services	20	10

5.3.3 How does the college seek and use data and feedback from its graduates and employers, to improve the performance and quality of the institutional provisions?

The institution seeks and uses the data and feedback from its graduates and employers to improve the performance and quality of the institutional provisions. Most of the graduates are the members of the alumni association. They give feedback on the institutional provisions during the alumni meeting held twice in a year.

The problems and suggestions which are identified in the meeting are implemented by the college to improve the performance and quality of the institutional provisions. There is no specific format to obtain the feedback from the graduates and the employers.

5.3.4 How does the college involve and encourage students to publish materials like catalogues, wall magazines, college magazine, and other material? List the publications/ materials brought out by the students during the previous four academic sessions.

The institution has rich culture to publish college 'Magazine (Poobagi)' every year. Through this college involve and encourage students to publish materials such as:

- Creative articles
- Poems
- Collections
- Translation etc in our college magazine.

The following table shows the list of students publication in our college magazine during the previous four academic years.

2012-13	12	09	02
2013-14	09	06	03
2014-15	05	08	04

Thus, the college Magazine editorial board encourages creativity among the students.

5.3.5 Does the college have a Student Council or any similar body? Give details on its selection, constitution, activities and funding.

Yes, the college has its own 'Students Council' consisting of faculty members and students representatives under the broad banner of college **Gymkhana Union**. To this union students representatives are selected to the council on the percentage of marks secured in previous examination. The students council is headed by the principal as the president of the council and consisting all the faculty members as chairman and members of the council. The students representatives are included in the council as the secretaries of the various departments. The council also consists of departments of co-curricular and extracurricular activities.

The major activities of the council are encouraging students to participate and involve in co-curricular and extracurricular activities such as organizing functions like quiz, speech, debate, and singing competitions, sports and games, special lectures, seminars, workshops etc. These functions and activities are helpful for the all-round

development of the personality of the students. The required funds for organizing these activities are raised by the college general fund, contribution of alumni, sponsorship by the donors etc.

5.3.6 Give details of various academic and administrative bodies that have student representatives on them.

The academic and administrative bodies in which students representatives are:

- College Gymkhana Union

5.3.7 How does the institution network and collaborate with the Alumni and former faculty of the Institution.

The institution has its own network to collaborate with its alumni and former faculty. The college conducts alumni meetings-cum-programmes twice in a year. Most of the members of the alumni association attend the meeting and functions in which various problems are discussed and possible solutions are suggested. If such suggestions are feasible they can be implemented by the college.

Former faculty members are also invited to such alumni meetings. They are also invited on special occasion to deliver lectures in seminars and workshops conducted by the institution.

- Alumni members and former faculty have instituted cash prizes and medals for highest scorers in examinations, general champions in sports.
- Retired faculty are felicitated
- Alumni are felicitated for securing NET, SLET, M.Phil., Ph.D. degrees.

Thus, the college receives guidance and suggestions of former faculty members and alumni members for the quality enhancement of the education.

CRITERION VI: GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 Institutional Vision and Leadership

6.1.1 State the vision and mission of the Institution and enumerate on how the mission statement defines the institution's distinctive characteristics in terms of addressing the needs of the society, the students it seeks to serve, institution's traditions and value orientations, vision for the future, etc.?

The vision and mission statements of our institution are

Our Vision

As the very name of our trust **Shikshan Prasarak Mandal, Raibag** suggests the spread education and to offer maximum opportunities for rural students to come up and scale higher achievement in academic excellence and sports by affording quality education and coaching facilities

The vision is "Value Based Education for Nation Building and Global Competencies"

Our Mission

To provide excellent and quality teaching to our students which would help them to shape their own character and career suitable for the development of the nation and enables them to be self-reliant and successful in greater global challenges and enterprises in their own lives.

The mission statement of our institution addresses the needs of the students and society at large, and at the same time it reveals the institution's traditions and value orientations and vision for the future generation. Provision of excellent, ethical and competent teaching to our students which would help them to develop their own character and career and to become self-reliant and be successful in national and global challenges, is the need of the students. We provide this type of education to all those students who get admission in our college. As our mission states, we work for the development of the nation and society at large is the tradition of our institution since its inception. The development of the nation and the concern towards social justice are the value orientations which are imbibed in our mission.

6.1.2 What is the role of top management, Principal and Faculty in design and implementation of its quality policy and plans?

The management, the principal and the faculty play an important role in designing and implementation of policy and plans.

The role of top management, principal faculty in designing and implementation of its quality policy and plans is active and creative. The management representative, principal and some of the faculty members are the chairman and members and coordinators in addition to other members of Internal Quality Assurance Cell (IQAC) which is the designer and policy makers in enhancement of quality in education in the college level. This IQAC in the beginning of the academic year conducts meeting in which it frames and designs the plans and policies that can be implemented. Thus management, principal and some of the faculty members are the designers, plan and policy makers as the members of the IQAC and at the same time they are implementing authorities of those policies as the management of the college and principal as the administrator of the institution. They play role of designing and implementing authority of quality policy

6.2.8 Does the affiliating university make a provision for according the status of autonomy to an affiliated institution? If 'yes', what are the efforts made by the institution in obtaining autonomy?

Yes, the affiliating university i.e. Rani Channamma University Belagavi to which our institution is affiliated has made a provision for according to the status of autonomy to an affiliated college.

We have not made any effort to obtain autonomy as ours is an institution which is situated in rural area. At this time we are not empowered to run our institution autonomously, it requires some more years to become competent and self sufficient financially. In near future we have plan to obtain autonomy.

6.2.9 How does the Institution ensure that grievances / complaints are promptly attended to and resolved effectively? Is there a mechanism to analyze the nature of grievances for promoting better stakeholder relationship?

The institution ensures that grievances / complaints are promptly attended to and resolved effectively. The complaint boxes are kept at library, office and computer laboratory hall. The students can put their grievances in the form of complaint in the box. There is a mechanism to analyze the grievances. The committee for grievances and redressal cell can open the box twice in a month i.e. 1st and 15th of every month to collect the complaints. If there are complaints, they analyze the complaints and solutions are provided in consultation with the principal.

6.2.10 During the last four years, had there been any instances of court cases filed by and against the institute? Provide details on the issues and decisions of the courts on these?

There are no court cases filed by and against the institution.

6.2.11 Does the Institution have a mechanism for analyzing student feedback on institutional performance? If 'yes', what was the outcome and response of the institution to such an effort?

Yes, the institution has the mechanism to obtain and analyze the students feedback on institutional performance. There is a specific format to obtain the feedback by outgoing students on the institutional performance. The outcome of such analysis is that, if there are appreciation, we welcome and try to improve still more and achieve higher scale of performance. If there are drawbacks, we identify our weakness and try to convert them into strength, and provide better services in those respects. But so far the institution has not received such feedback which reveals the weakness of the institution. In most of the cases we receive appreciation by the students feedback.

6.3 Faculty Empowerment Strategies

6.3.1 What are the efforts made by the institution to enhance the professional development of its teaching and non teaching staff?

Several efforts are made by the institution to enhance the professional development of its teaching and non-teaching staff. Such efforts are:

- Deputation of staff members for participation in seminars, conferences and workshops etc.
- Deputation of teaching and non-teaching staff to training programmes conducted in other institutions.
- Encouragement is given to staff to pursue higher education through external agencies for improvement of qualification.
- The office staff is deputed to training programme conducted by the Joint Director of Collegiate Education Dharwad.
- Library staff is trained in use of library software.
- We have organised one day state level seminar on "Recent Trends and Developments in the Game of Throw Ball" on 17/05/2014.
- Class IV employees are also trained to operate zerox machines and generators.
- Training the faculty to use the ICT facilities.

6.3.2 What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibility they perform?

The strategies adopted by the institution for faculty empowerment are:

- Organizing training and retraining programmes / workshops for teaching and non-teaching staff in our college.
- Organized computer training programme for both teaching and non-teaching staff so as to enable them to use modern technology both in teaching and in administration.
- Motivation is given to the staff to accept the challenges and responsibilities to scale higher achievements in their performance.
- The IQAC and the research committee organize need based workshop for faculty empowerment.

6.3.3 Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.

- Our institution has adopted self appraisal system of the staff collected once in a year. There is a specific format provided by the department for submission of self appraisal. The format contains the information on several activities. The promotion to the faculty is given on the basis of self appraisal report.
- Assessment of teachers by students is taken once in a year. This helps the mechanism to evaluate the performance of the teacher.
- The office staff is evaluated by the principal.

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?

- The outcome of the performance appraisal reports collected under the self appraisal report provided by the concerned staff and the feedback taken from the students about the performance of the teacher at the end of the year are reviewed by the management. The outcome of the review either positive or negative are communicated to the concerned faculty for their improvement.
- The management reviews the reports and feedback, the major decisions of the management are to enhance the quality in teaching-learning process and the staff members are instructed to register for M.Phil. / Ph.D. degrees.

- To apply for major, minor research projects to UGC for financial assistance.
- To undergo various NCC, NSS, Scouts & Guides training.

The decisions are communicated to stakeholders by conveying the meeting in the college and the decisions are implemented by the staff members. As a result some faculties have completed M.Phil. and Ph.D. and some members have applied for MRP to UGC for assistance.

6.3.5 What are the welfare schemes available for teaching and non teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?

The welfare schemes available in our college for teaching and non-teaching staff are:

- There are certain departmental welfare schemes such as Insurance, GSLI, FBF and pension benefits etc. are available to both permanent teaching and non-teaching staff.
- Medical facilities are provided at minimum cost to both teaching and non-teaching staff in Karnataka Health Centre (KHI), Ghataprabha which is running under our management.
- Office rooms, classrooms, departmental rooms, principal chamber, research cell etc. are providing healthy working conditions to both teaching and non-teaching staff.
- Purified water for drinking and canteen facilities are provided in the campus.
- Financial help to the staff during medical emergency is provided by the management.
- The uniforms are provided to the menial staff.

The departmental welfare schemes such as GSLI, FBF, Pension benefits are available only after the retirement of the employees. In our college Dr. M. S. Gubbewad, Prof. A. S. Nidawani, Prof. J. M. Shiragannavar and Dr. N. G. Doddagoudar, Shri. H. P. Davagi and other menial staff have retired from the service during last four years and have got all the benefits.

6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

The institutional measures for attracting and retaining eminent faculty are:

- For aided post the recruitment is done through the selection committee constituted by the department, handsome salary is paid by the government.

- For un-aided posts the recruitment is made on merit by the management and pays handsome salary throughout the year irrespective of vacation for guest teachers. This attracts the faculty. Those guest lecturers who are appointed in previous year are retained and continued for this subsequent year, if their performance is satisfactory. They continue in service until they get good opportunities in government institutions or in other fields.
- Excellent working environment.
- Eminent faculty is retained as guest lecturer after their retirement.
- Financial help to the staff during medical emergency by our chairman.

6.4 Financial Management and Resource Mobilization

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

There is an institutional mechanism to monitor effective and efficient use of available financial resources. Every year the college prepares its estimates on the basis of previous year income and expenditure and also on the basis of existing fees structure and UGC development grants for its development works. The principal is the signing authority for all government aided / UGC funds. The college board of management reviews the income and expenditure in the meeting. The board of management and recognized registered chartered accountant are looking into the efficient and effective use of the available financial resources of the college. Accounts of the institution are audited every year by an expert registered Chartered Accountant.

6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.

There are two systems of audit mechanism of the institution. They are:

- **Internal Audit System**

Our principal and board of management can check the accounts regularly.

- **External Audit System**

The accounts of our college being audited by an external agencies.

They are:

- Accounts of the institution audited regularly by an expert registered Chartered Accountant recognized by the department and agreed for the consultation by the management.
- The Department of Collegiate Education Bengaluru and

Regional Joint Director of Collegiate Education Dharwad are empowered to audit the accounts of the institution.

- Affiliated university i.e. Rani Channamma University Belagavi is empowered to audit the respective accounts related to the university.

The accounts of the institution are audited for the last financial year 2015-16 by Shri. S. B. Halbhavi, Chartered Accountant Belagavi. There were no significant objections raised by the auditor.

6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.

The major sources of receipts and funding of the institutions are as follows:

- Fees from the students
- The salary grants from the state government
- UGC grants under various schemes
- Management contributions.
- Grant received from the affiliating university.
- Delegates fees in case of seminars and conferences.
- Contributions of alumni.
- Contributions from other private agencies.

If there is any deficit in the management of resources i.e. expenditure exceeds its income, in such cases the college raise loans from the management and other sources to fill up the gap between its expenditure and its income. (The audit reports for the last five years are enclosed.)

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

The institution made several efforts to raise additional funds through UGC for research programmes, conducting seminars, conferences etc. and for construction of building, purchase of equipments. Efforts are also made to raise additional resources from the private agencies for the development of research. As a result of college efforts the alumni association has constructed cycle shed in the college campus. The efforts are also made to get resources from affiliating university and management for the purpose of development of the college.

The amount received by the college in these efforts is properly utilized for the purpose for which they are raised, and utilization certificates are issued to the concerned agencies.

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

- a. Has the institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?**

Outcomes

- Various internal and external stakeholders come to know the quality of teaching-learning process in our college.
- Reputation of the college known to the stakeholders.

CRITERIA VII: INNOVATIONS AND BEST PRACTICES

7.1 Environment Consciousness

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

Yes, the institution has conducted green audit of its campus & facilities and special care has been taken to keep it clean and green. The facilities of the institution are free from environmental pollution of any kind.

To control sound and air pollution the institution has declared campus as sound free zone and prohibited the entry of vehicle of any kind inside the campus area. Parking facilities are provided to park the vehicles in the cycle stand at the entry of the campus. Plants are also grown on the campus and the whole campus is declared as no smoking zone. Our institution is situated 2 km away from the city. Hence it is free from the pollution problem of the city.

To provide pure drinking water, water purifier is installed. A healthy and hygienic canteen facility is provided. Sufficient manual staff is maintained to clean the campus.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

- Energy conservation
- Use of renewable energy
- Water harvesting
- Check dam construction
- Efforts for Carbon neutrality
- Plantation
- Hazardous waste management
- e-waste management

The initiatives taken by the college to make the campus eco-friendly are:

- **Energy conservation** : We use energy wherever it is essential and some energy saving devices are introduced. In place of high voltage bulbs we use power saving CFL bulbs and LED bulbs and other devices where the consumption of electricity is limited. During off season we use limited electricity thereby we conserve energy. We have planned to install solar system in the campus.
- **Water harvesting** : We have implemented rain harvesting project.
- **Plantation** : to maintain greenery on the campus we have grown plants and trees to have ecological balance and esthetic looks.

7.2 Innovations

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

Following are the innovative activities introduced in the college to support for the improvement in the quality of higher education.

- Several innovative teaching methods are adopted.
- Use of ICT in various subjects.

- Provision of incentives to the meritorious students.
- Adoption of poor and genius students by the faculty members.
- Decentralization of power in administration of the college.
- 'Earn While You Learn' scheme.

7.3 Best Practices

7.3.1 Elaborate on any two best practices in the given format at page no. 98, which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.

Several best practices are practicing in our institution. These practices have been contributed much in the achievement of goals, objectives and quality improvement of the activities of the institution.

The details of the two best practices are given below.

First Best practice is 'Provision of the Incentives to the Meritorious Students'.

Goal of the practice: The goal of this practice is to inspire the students to achieve greater success.

This is one of the best practices which our college follows since its inception as it corroborates with the vision and mission of the institution and recently it corroborates with the core values of the NAAC. Our vision is to provide quality education to the students so as to achieve higher scale in their life. Our college prepares self esteemed, self reliant and self confident youths to face the national and global challenges.

To inculcate these values among the students we have started this practice since inception of our college, to put a solid foundation for the all round development of the personality of the students. Our college believes in the principle that **'Charity begins at Home'** means the inculcation of core moral values and core values of NAAC among the students should begin at our college. To inculcate all these values of higher education our college introduced **providing incentives to the meritorious students** as the best practice.

The context:

This practice is designed and implemented in the situation and location at which our college is working. It is located in rural and backward area and deprived of all urban facilities. Students getting admission are mainly from surrounding villages and from economically and educationally backward communities. Hence they are poor in knowledge and other resources. Their performance in examination is also poor. They do not get any tuition facilities and sufficient reading materials, as they live in rural areas. Most of these students coming from rural areas are doing part-time jobs in shops, agriculture, hospitals etc. to support their families financially. They consider education as a secondary task, so they remain absent to the classes. As a result of this we find irregularity and dropout among the students. To avoid this situation and to attract the students to the college our staff and management thought and design this practice i.e. to provide incentives to the meritorious students in both curricular, co-curricular and extracurricular activities conducted by the university and other agencies.

The practice:

The provision of incentives to the meritorious students is a practice introduced to educate the importance of learning and getting merit among the students. It aims at achieving excellence in performance by the students. This practice inspires the students to set a goal and reach the goal by excellent performance in curricular and extracurricular activities.

This practice includes the following criteria's:

- Cash incentives to highest scorers in university examinations i.e. rank holders and toppers in the examinations.
- Cash incentives to highest scorers at college level.
- Incentives to '**University Blues**' in various sports and games.
- Excellent performance in co-curricular activities such as speech, quiz, elocution, debate, singing, writing and other competition.
- Highest scorers in examination in individual subject.
- Felicitation to the students of excellent performance in any other fields such as NCC, NSS, Scouts and Guides etc.
- Publication of photos and news about the excellent performance of the students in college magazine (Poobagi) and on the notice board and in local dailies.
- Providing reading books from the library to such meritorious students throughout the year.
- Providing sports materials, diet and TA, DA to the students participating in sports and games conducted in other institutions and universities.
- Rolling shield and silver medals to highest performers in curricular and sports and games.
- Provision of any special assistance required by such students.
- By organizing functions we felicitate the students of excellent performance in NSS, NCC, Scouts and Guides and other activities.

By practicing the provision of incentives to the meritorious students the college inspires all the students to reach the expected goal in curricular, co-curricular and extracurricular activities. The principles lies behind this practice is to give inspiration to the students and to develop the work culture among the students. Thereby the students are proud of their achievement, contribution to the National Development and fostering global competencies.

The following table shows the provision of important incentives to the students during the last five years.

Year	Cash Incentives	Sports and games	Diet	Kit and materials	Books
2011-12	26	02	06	02	52
2012-13	46	20	20	20	92
2013-14	38	12	12	12	76
2014-15	38	12	12	12	76
2015-16	42	16	16	12	84

Evidence of Success:

This practice has yielded its fruits of success since its introduction i.e. since the inception of the college. There is increase in the healthy competition among the students, thereby increase in the attendance ratio of the students to the college. The students set the goal and they try to reach the expected goal in the university examinations. As a result of this every year we have good results in the university examination. The number of students getting distinction and first class results in the examinations are more.

The following table shows the result of the examinations.

In addition to the achievements of our students in curricular activities our students have achieved excellent performance in sports and games. Every year our students are becoming the university blues in different events sports and games such as Kabaddi, Volleyball, Running, Cross Country, etc. getting **university blues** is regular feature of our college.

The following table shows the university blues of our college during last five years.

It is proud to say that our college past student Mr. Arjun Gayakawad represented Indian Universities in International Sports Meet on the occasion of the 10th Anniversary of Republic day of Iran held on 08th to 10th February 1989.

The successful story of the above meritorious students is being the inspiration to all other students of our college. Organization of felicitating programme to the meritorious students is also an inspiration to other students to reach the highest goal.

Problems Encountered and Resource Required:

The institution faced some problems in its implementation.

- Cash incentives given to such students being very small amount i.e. token money. Sometimes the fixed amount is distributed among the students of equal performance.
- Special incentives like diet to the sportsman are given for a short period only not throughout the year because of resource constraint.
- Limited time to the students to practice extracurricular activities like sports and games. They have to practice after college hours and during holidays.

Notes:

The institution reveals its success story of best practice ‘The provision of incentives to the meritorious students to the stakeholders. The other institutions may follow this practice for implementation’. The stakeholders of the college accepted it as a holy practice, which inspires the students to achieve excellence in their performance.

The second best practice which our college follows since the last 10 years and which would like to share with the readers for adopting and implementing in their institution is '**Adoption of poor and genius students by faculty**'.

Goal of the practice:

The goal of this practice is to minimize the dropout rate of the students to the course. Our college has adopted this practice i.e. adoption of poor students by faculty members as the 'best practice' since it corroborates with the vision and mission of the institution and also some of the core values of the NAAC.

There is an old saying that 'India is rich country but Indians are poor' which means India is rich in its resources but we fail to utilize the existing resources because of lack of knowledge and education. The main constraint is poverty and ignorance. Our youths in rural areas are deprived of education mainly due to lack of facilities and poverty. Therefore there is high rate of dropout of students to the courses, though they are talented persons. To minimize the dropout rate of students our faculty members were thought of and designed this practice of adopting poor and meritorious students since the last 10 years.

The context:

One of the burning problems of higher education is the high rate of dropout of students to the course for which they get admission. They discontinue their education in middle of the course because of financial constraints. The dropout rate in our college at the beginning of this practice is to the extent of approximately 40%, which was considered as high rate. How to minimize this dropout rate was a question for our institution. In this context our faculty members thought of and designed the practice of adopting some of the genius students and provide financial assistance (which was the main reason for dropouts) to some extent so as to enable the students to continue their education.

This is the rich culture of our faculty member who are aware of social responsibility and social justice. The faculty members of our college are well aware of the economic condition of our country, where there is inequality of income and wealth, wide gap between have's and haven't and this gap is widening. To minimize this gap to some extent and help the poor and genius students our faculty members thought of introducing this practice, which enables to some students to continue their education and complete the course and be successful in their life.

The practice:

The practice of adopting the poor and genius students by faculty members is a tradition followed in our college since last 10 years to minimize the high dropout of the students to the courses. This is based on the holistic principles of social justice and social responsibility of the faculty members. This practice inspires some of the students who are at the risk of dropout to continue their education and complete the course.

This practice involves two main aspects i.e. identification of the students and provision of financial assistance. Regarding identification of students, our faculty members identify the students at the risk of dropout by the following criteria.

- Those students who are remaining absent to the classes continuously.
- Those students who remain absent to the university examination and internal assessment test.
- Those students who are working as part-time worker to support his family financially by remaining absent to the college.
- Those students who are unable to take admission to the higher classes.

By counseling such students our faculty members identify the students at the risk of dropout. The deserving and genius students will be selected for the provision of adoption of few students for the financial assistance. Under this programme the faculty may not give 100% financial assistance somehow the reasonable and manageable amount of assistance will be given to such students so as to continue their education.

This is a holistic programme by the faculty through which dropout rate can be minimized.

The following table shows the number of students' adopted and financial assistance provided during the last five years.

Year	students adopted	Approx amount provided
2011-12	04	12000
2012-13	05	15000
2013-14	05	16000
2014-15	04	15000
2015-16	06	18000

Evidence of success:

The success of any programme depends upon its effective implementation. The policy of adoption of poor and genius students by the members of the faculty has great success in our college since its introduction in reducing the dropout rate.

Before the beginning of this programme there is high rate of dropout of students in our institution. In the year 1999-2000 there was

nearly 41.5% was the dropout rate of students which has been reduced to 28.57% during the year 2008-09. During this year 2014-15 the dropout percentage is only 15.35%. These facts clearly shows that there is not only increase in the regularity of the students to the classes but also has reduced the dropout rate of students. This 15.35% of dropout is still more comparatively urban colleges. Our college is situated in rural area, the students are coming from poor families. Most of them are doing part-time jobs in shops, hospitals and in agriculture to support their families financially. They consider education as a secondary task, as their main task is to work and support the family with little income which they earn by doing other work. As a result of this we find high dropout of students in spite of our best effort to reduce the dropout. Still dropout is more we hope by adopting still more dynamic programmes we may reduce the dropout of students to the minimum level in coming years.

Problems Encountered and Resource Required:

The institution has faced some problems in the implementing the programme.

- **Selection of students:** Selection of students is a problem because most of the students admitted are poor and coming from surrounding villages. Many of them are doing part-time jobs along with their family members by remaining absent to the college. Though our faculty members have adopted certain criteria to identify such students still the problem of selection of students persists in the programme.
- **Few students are adopted in this programme :** This programme being voluntary by the faculty members only few students 5-6 are selected in this programme so it is limited in its scope.
- **Resource constraint :** Because of resource constraint only few students are adopted. The provision of financial assistance is also a small amount only. For the requirements such as fees, purchasing books, writing materials etc. It require huge amount if it extends to the large number of students.
- **Voluntary Programme :** This is voluntary programme the students have seek assistance at the will of the adopter and not as a matter of right.

Notes : This is one of the best practices adopted by our faculty members in our college. This is the success story of the best practice **'adoption of poor and genius students by the faculty members'** who are at the risk of dropout. This practice has twin objectives, inspiring the students to continue their higher education and at the same time it achieves social justice to the small extent. This practice is appreciated by the students, management and other stakeholders of the college. It is a role model to other institutions also.
